RE: RCRA Facility Investigation for Solid Waste Management Units 47, 53 and 55, Naval Station Mayport, Mayport, Florida

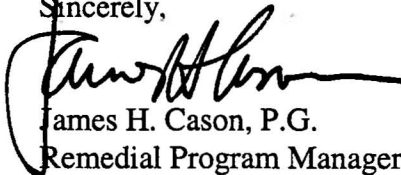

Dear Ms. Wilson:

I have reviewed the above document dated March 2004 (received March 9, 2004). The document describes the investigation of SWMU 47, the Oily Wastewater Conveyance System, SWMU 53, the Sewer Pipeline System and SWMU 55, the Storm Sewer System.

The investigation noted varying amounts of soil and groundwater contamination at the sites and recommended that additional delineation be accomplished, the results of which would be presented as an RFI Addendum. I concur. In the meantime, please finalize the present document.

Thank you for the opportunity to review this document. If you require further clarification or other assistance, please contact me at 850-245-8999.

Sincerely,

James H. Cason, P.G.
Remedial Program Manager
